Self Supporting Tanks

Husky® Self Supporting Tanks are the perfect solution when storage and manpower are a concern. Self Supporting Tanks are a frameless portable water tank that can be quickly set up and filled by one firefighter. Husky®'s open top Self Supporting Tanks are designed to be used as a dump tank or filled from the supplied coupling mounted in the tank. They are also designed to work better on slopes than any other open top tank on the market. Our Self Supporting Tanks are manufactured to meet the most stringent quality control standards.

Features

- ✓ Heavy duty foam collar (self rising)
- ✓ Heavy duty air collar (self rising)
- ✓ Low Side (LS) & High Side (HS) models
- ✓ Heavy duty 28 oz. floor, standard
- ✓ 2 1/2" NH (NST) female flange standard
- ✓ 1 1/2" - 6" flanges available, male or female
- ✓ Flanges are made from 6061-T6 aluminum
- ✓ Ground covers & top
- ✓ Covers available
- ✓ Storage bag included
- ✓ 6000 gal. and up tanks are built with 40 oz. PVC for the strongest Self Supporting Tanks available

Material Options

- ✓ **Vinyls:** 22 oz. side panels with 28 oz. Floor / All 30 oz.
22 oz.: Red, Yellow, Blue, Orange, Green, White, Black, and **Lime Green**

Part No.	Base Diameter	Top Diameter	Height Filled
HS-10000	20'6"	13'6"	72"
HS-14000	23'9"	16'9"	72"
HS-20000	27'9"	20'9"	72"

Low Side & High Side Models

Accessories

- ✓ 4", 4.5", 5" & 6" male/female flange kit. This allows a hard suction hook up on the outside of the tank with a low level strainer hooked up on the inside.
- ✓ 90 degree elbow with 4", 4.5", 5" & 6" male/female ends.
- ✓ 10' hard suction hose sections, 4", 4.5", 5" & 6" male and female fittings.
- ✓ Low level strainer, 4", 4.5", 5" & 6" sizes. Comes with 1.5" jet siphon. (Call for details)

Wide variety of fittings to offer from Storz fittings to Camlock fittings

The Reflective Edge®

Our latest Self Supporting Tank option is the **The Reflective Edge®**. It has a reflective top hem that will help firefighters see the tank easier at night. Read more about it on page 5 of this brochure.

Floating Strainers

Husky® Portable Containment Floating Strainers can be used in lakes, streams, swimming pools, portable tanks and many other sources of water. Husky® strainers are designed for maximum flow and will draft in shallow water. The removable barrel can also be used as a strainer. Husky® floating strainers are a must for all fire departments.

- ✓ All aluminum 6061-T6 construction, lightweight & easy to handle
- ✓ Removable barrel can be used as a barrel strainer
- ✓ 1 1/2" - 6" sizes available, male or female threads
- ✓ Female NH (NST) threads are standard, any threads available
- ✓ Storz and Camlock fittings available
- ✓ Maximum flow
- ✓ Powder-coated NFPA Blue, other colors on request

3 Year Warranty

90° Sweeping Style Elbow

Husky®'s all aluminum 90° Elbow works great with our Skinny™ Tank and Leading Edge™ Tank. The elbows allow you to run hard suction hose to your Folding Frame Tank without having it take up needed space in the road you are set up on.

Hoses PVC Suction Hose, Soft Suction Hose, LDH Supply Hose, Etc.

Husky® Portable Containment offers many types of fire hose that are built with durability, flexibility and weight savings at the forefront. Made in the USA. Call for details & pricing.

Husky® Covers

Husky® Portable Containment has set the bar for salvage cover durability, strength and workmanship. Our 10 oz. material is unmatched in the salvage cover market and is NFPA 701 certified fire resistant. The base fabric or scrim has a **Rip Stop** quality that eliminates tearing.

Salvage Covers, Hall Runners and Ground Covers

Registered and approved by the California State Fire Marshall, our materials are equal to or exceed CSFM, NFPA 701 – Test 1 (Small Scale), NFPA 701 – Test 2 (Large Scale), CPAI-84, and NYC MEA. The flame retardant process used will NOT be removed by washing and is effective for the life of the fabric.
